The DOT Charitable Foundation is here to help children and their families to overcome pressures of dealing with disabilities, life hindering life threatening illnesses. As part we also donate medical equipment to paediatric wards of government hospitals. We also forever to uplift early childhood education in rural Sri Lanka. It is our aim to help as many children as possible to experience what life has to offer.

If you would like to know more about how we have helped children, their families and the hospitals please visit our website and see our past projects. If you think that you would like to get involved with our work or become a volunteer please get in touch.

Sadley , We receive more letters, emails from families, carers of children and organisations despoate for help. Each one, just as deserving as the next and we try our best to help them.
