Requirement of AIRVO2 High Flow Nasal Cannula Oxygen Deliver (Adult) Unit and other medical accessories.

Base Hospital Homagama is a frontline health care giver, which gives multidisciplinary care for COVID19 patients.

Due to the fast spread of the Novel COVID19 Virus, in recent times, many innocent citizens of the country are being tested positive daily, and this number is increasing at a rapid rate. This precipitate increase of COVID19 patients, make the available medical resources, including medical oxygen, which is an essential medicine to critical COVID19 patients, and other needed medical equipment occupied and expended at a similar rate. Therefore our hospital is facing an urgent need of an AIRVO2 High Flow Nasal Cannula Oxygen Delivery (Adult) Unit, and the below mentioned medical equipment and accessories, that are vitally required to treat COVID19 patients:

- Airvo Humidifier Hosp Aus/NZ - 1 Unit
- MOBILE POLE STAND - 1 Unit
- TRAY POLE MOUNT AIRVO - 1 Unit
- 900PT426 Basket - 1 Unit
- Airvo Spiral Tube Chmb Kit - 1 Pack
- Nasal Cannula Medium Hospital - 5 Packs
- Nasal Cannula Small Hospital - 1 Pack

I would be highly grateful, if your esteemed organization, would extend your humanitarian support by providing our Base Hospital Homagama, with the lifesaving AIRVO2 High Flow Nasal Cannula Oxygen

Delivery (Adult) Unit and the above mentioned other medical equipment and accessories, which are urgently required to treat the increasing number of COVID19 patients, and to save their invaluable lives.

Your kind cooperation and support on this matter is highly appreciated.
