Dear Champa

It is with pleasure that I inform you and your organization of the receipt of the following items which were required urgently to monitor critically ill children.

Mainstream CO2 sensor -M2501A	1
Airway adaptor	1
Esophageal temperature probes	2

These items will be used immediately, and many children will benefit from them in the years to come.

I appreciate your organizations for the effort to help children in Sri Lanka in this needy hour

Thank you

Yours
