**Request for Supply of Medical & Hospital equipment**

A large number of COVID patients are being admitted to TH Ratnapura as a result of the current COVID-19 pandemic in Sabaragamuwa Province. Despite the Ministry of Health's provision of medical equipment, donors contribution will uplift the treatment facility for COVID-19 patients.

Teaching Hospital Rathnapura is the main tertiary care health institution in sabaragamuwa province catering 1.5 million population in the area. Currently we are functioning 357 bed ward care, 10 bed HDU care and 6 bed ICU care for the level 3 Covid patients admitting to 9 different Covid units of our institution including maternal & paediatric care.

Inview of upgrading the care to Covid patients, following items are required for COVID Units.

01. 30 Nos. of Adult small Cannula
02. 30 Nos. of Adult medium Cannula

Please consider donating above items to our hospital. Your early response is highly appreciated in this manner.

Thank you.

Director

Teaching Hospital  
Ratnapura
